

# Agglomerator Machine

## A-Series

### Application:

This machine is developed for plasticizing and recycling of LLDPE, LDPE, HM, HDPE, PP, PVC, Nylon, Polyester and other type of film, tape, monofilament, fabric & production waste. Available in various model from 10 HP - 500 HP, Production from 10kg - 1500 kg/hr.

Material	Material Forms
LDPE	Film/Rolls
LLDPE	Sheet
HM	Monofilament
PP	Raffia
PET	Textile
Polyester	Carppeting
Nylon	Powder
PVC	Foam

PP/HDPE/PVC	✓	✓	✓	✓	✓	✗	✗	✗

### Why PANCHAL?

High-tech from the world market leader

Top-notch state-of-the-art recycling technology

Superior end product quality

Best customer service and care and therefore reliability for the user

Tailor-made, individual solutions possible through large engineering capacity with more than 28 years experience in plastic recycling technology

Superb reliability, flexibility and productivity

Your best partner
